

Your style makes a statement

(But is it saying what you want it to say?)

Speaker, Author, Professional Stylist and Color Consultant, Michelle Moquin will show you how to use style and color to enhance your appearance, establish a professional look, and achieve the success you want in your professional and personal life. Her topics include:

WORKPLACE STYLE

Climb the Corporate Ladder by Changing the Way You Dress

Think you don't have a corporate dress code? Think again. Learn the secrets of the unspoken dress code to advance your career.

- Find out how to dress successfully in a competitive market.
- Notice what your boss is wearing and why it's important to notice.
- Discover how to make an impression dressed in your distinct style while still fitting in.

THE POWER OF COLOR

The Psychology of Color and How to Make It Work For You

Color not only affects the state of mind - yours and those around you - but it also affects how people react to you.

- Learn how color can increase your personal power.
- Discover how to change a mood and even charm your colleagues with color.
- Improve your productivity and accelerate the efficiency of others around you with color.

PUBLIC SPEAKING

Rock the Stage Every Time with the Three C's

As a speaker, the image you present to the world tells your audience whether you have the three C's: Confidence, Credibility, and Charisma! Ensure the image you are showing the world is the one you want them to see.

- Confidence: Learn what to wear to keep your audience's eyes on you.
- Credibility: Know the top 10 tips speakers need to know while on stage, including how to look your best on camera.
- Charisma: Understand how the power of color can influence your audience.

Michelle Moquin CERTIFIED PERSONAL STYLIST
